

INVOCATION TO THE COSMOS FLOWER

*Cosmos, bless me with your essence
Fill my being with your presence
Cosmos, let me be like you
I will never be discouraged
I will never feel despair
Finding in the harshest winds
Music to which I will dance
With pure delight upon the air*

*Cosmos, make me wise like you
I will never feel confusion
Will perceive the patterns clear
Finding balance in myself,
Harmonic order in the world,
Listening with my soul's ear.
Cosmos, bless me with your essence
Fill my being with your presence*
