

Case Reporting Form

The **Flower Essence Society** - Founded in 1979, the **Flower Essence Society** is a leading professional, world-wide organization of health practitioners, researchers, and educators who are working to deepen the therapeutic practice of flower essence therapy. A cornerstone of our research involves case reports; your report of any length or type is vital for our research program.

Confidentiality - All information received is maintained with a strict code of confidentiality. We preserve the anonymity of all case studies and testimonials, unless permission to release is specifically granted. An online version of this form is available at www.flowersociety.org. Click on "Research and Case Studies" and then on "Reporting Form."

Would you be willing to allow us to use the information on this form? *(please check all that apply)*

Yes, with my name Yes, with an alias Yes, and please let me know first No, please do not

Name: _____

Address: _____

Email: _____ Phone / Fax: _____

Professional affiliation or lifestyle context for using flower essences: _____

Please tell us your story relating to a flower essence case you observed:

What essences were used? How and/or why were these particular essences chosen?

What issues, properties or particular phenomena were these essences addressing?

Please describe specifically how the essences were administered: (i.e., how many drops were used; how often were they taken; were they given under the tongue, from dosage bottle or in drinking water, or a different manner; how long administered in this particular case)_____

Were any other modalities used in conjunction with the flower remedies?

What effects and/or changes did you notice as a result?

When did you first notice these effects and/or changes? _____

Did others notice these effects and/or changes?

General Observations about Flower Essence Therapy

For Practitioners: Have you perceived any trends in your healing work regarding the role of flower essence therapy?

What is your personal philosophy and belief about flower essence therapy and its role in healing?

Please feel free to attach additional pages if you need further space for comments.
